THE PEOPLE'S GOVERNMENT

By David L. Foutz

Lobbying is taboo with Governor Olson.

In his inaugural address the Governor spo ek folobbying in general as follows: "Let me assure all business men and business organizations that in their transactions with the State they need neither political pull nor political lobbyists in order to obtain a fair hearing, and a fair and square deal under the law. Legitimate business, concerned only in honest intelligent enactment, and honest and efficient administration of law, may only injure its own cause before the people and with this administration, by employing professional lobbyists to represent it in its dealings with the State."

When the Governor made that statement he meant just that, and he also meant that departments of state government also must OT lobby. Last week, when informed by several members of the Senate, that employes of state departments and several department heads had been lobbying for certain bills, the Governor issued the following statement.

"The practice heretofore followed by some departments and agencies of the state government of having their administrative officers or employes engage in lobbying with members of the legislature for or against measures involving matters of policy, is one that will be consistently opposed by this administration.

"I am issuing directions to all department heads to hold themselves and their chiefs of divisions and technical employes in readiness for furnishing any information requested of them by either branch of the legislature or by any of its committees or members; but that they must not take it upon themselves to engage in lobbying for or against measures before the legislature.

"This rule should apply to all state commissions, including the Railroad Commission, concerning which complaints are being made that its traffic experts are engaged in voluntarily appearing before committees in opposition to measures relating to transportation rates and charges, instead of confining their appearances before legislative committees to the furnishing of any information that they may be called upon to furnish.

"As to the positio nof the present administration on any subjects or measures that are being considered by the legislature, I will from time to time communicate the recommendation of the administration and give the reasons therefor when I deem it in keeping with the principles upon which this administration was elected by the people."

Lieutenant Governor Ellis E. Patterson in commenting on the recent Senate vote on a Memorial to Congress to lift the arms embargo said, "I am sorry that our state senate refused to take definite steps to urge Congress to place an embargo on Japan. I am heartily in favor of boycotting aggressor nations who are against democracy. We in America want peace, tand must exercise our principles and beliefs so that aggresor nations cannot continue to wage undeclared wars on innocent peoples."

The Assembly Committee reported Governor Olson's budget out on the floor with a "do pass" notation. The vote of the seventeen member committee was unanimous and not even a period or comma in the entire budget was changed. Administration leaders predict its passage without change.

Governor Olson set a precedent last week by calling an election in Westwood so that the men might have an opportunity to vote on whether or not they would return to work pending a National Labor Board election. The plan was defeated after the organizers for the majority Union urged the members to vote "No." However, the election was held peacefully, with CIO and AFL members sitting side by side at the voting booths supervising the balloting. The Governor feels that much progress has been made in keeping the peace in Westwood, and that the friendly relations that now exist will continue until the National Labor Board finally calls the election to determine which of the two unions shall be recognized as the bargaining agent.

REEVES CANYON BATTLE GOES TO HIGHER COURT

The battle of Reeves Canyon, recorded in detail in the books of the Superior court of this county, has shifted scene to the Appellate court, and holds the record of the smallest case on record of appeal.

J. A. McClurken has appealed from the decision of the County court to the Appellate in the case of Vivian Staley versus J. A. McClurken and J. A. Jansen.

The suit is over the alleged appropriation of property in the Staley cabin in Reeves canyon. The Staley property is valued at $105.33, two assigned claims against the defendant bringing the property involved to a total of $413.69.

Judgment in the Superior court of this county was given to Vivian Staley. Preston & Gibson represent the plaintiff, and Taft and Spurr represent McClurken.

Classroom Teachers Discuss Legislation

For the purpose of forming a more active classroom teachers' section in this part of the state, the classroom teachers' section of Humboldt and Mendocino counties, California Teachers' association, met in luncheon session Saturday at the Palace hotel.

The meeting was called by Mrs. Alma Thompson of Ferndale, president of the division, and 40 members responded. Miss Neva Cavanaugh, principal of the Fort Bragg elementary school, accompanied coast teachers to the meeting. Miss Rose Seghetti of Fort Bragg was elected secretary of the Mendocino county group.

In conjunction with the meeting, the legislative committee of the elementary school teachers' association met to discuss legislative matters affecting the schools.

Spring Gathering Of State Sheepmen

Sheep men of the state will discuss problems in feeding, management, wool growing and the production of fat lambs at the Twelfth Annual Spring Meeting of Sheepmen to be held Friday, March 31, at the College of Agriculture, Davis.

An important feature of the afternoon meeting will be a report and general discussion of the timely subject of creep feeding of lambs.

CUT OF 120 IN CO. WPA ROLLS

One hundred and twenty Mendocino county employes will be dropped from WPA rolls between March 30 and April 5, according to W. C. Woodward, area manager of northern California.

The action is necessary pending action by Congress on additional funds requested for operation of WPA projects. The total cut in projects of this area amounts to 20 per cent of the present employment.

Other counties affected include the following reductions: Del Norte, 30; Humboldt, 140; Lake, 22; Marin, 70; Napa, 30; Sonoma, 180.

Woodward has been instructed by the state office to make recommendations to carry out the reductions either by reducing the number of men employed on existing projects, or by discontinuing some of the projects now in operation; the relative cooperation furnished by sponsors and the relative costs required considering the proper supervision of projects in remote localities, together with the cost of transportation of workers to remote localities, will be influencing factors. According to Woodward, it is probable that a combination of these methods will be determined upon.

Audit of Co. Books Now In Process

Every Department of County Gone Over By Experts

The Grand Jury audit of the county books is in process. Every department of Mendocino county, supported by tax payers is being given the once over by certified public accountants hired by the grand jury. Charles H. Peterson & Co., certified public accountants of San Francisco, are doing the work this year.

Notice of the audit is not given to the different offices. A public accountant was waiting at the court house at 8:30 o'clock one morning last week and the books of the county offices in the Court House were first to be examined.

Every justice of the peace and every other office in every section of the county, dog licenses, fishing licenses etc., will be examined in the grand jury audit, and a complete report submitted to the grand jury of which Alex R. Thomas is foreman.

Ukiah Men Put On Wrestling Bouts on Coast

Approximately 700 fans crowded into Rose Marshall Arena in Fort Bragg Saturday night to witness a card put on by and for the benefit of the Fort Bragg baseball club.

Included on the card was an exhibition by Paul Poulos and Horace Ivey, demonstrating various wrestling holds, followed by a short wrestling match. Kenneth Harp and Bobbie Bonnifield wrestled to a 10-minute draw, as did Rene Sanchez and Don Irwin.

The program was rounded out by several amateur boxing bouts.

Tin Lizzies Parade Saturday P.M.; 27 Entries For Derby

The Grand Parade of Tin Lizzies, arrayed in the colors of the rainbow and lettered in the most up-to-date racing lingo will leave Dr. Bennett's stadium at 2:30 o'clock Saturday afternoon, rattle and whizz and snort the length of State street as far as Scott street. The return march will be via School street.

The Tin Lizzie Derby to be held Sunday afternoon, April 2, at two o'clock, is unlike anything ever offered in these parts in the line of entertainment. Twenty-seven chugging, groaning and creaking relics of early days of motoring will line up at the starting line and, with drivers keyed to the excitement of the race, the gun will go off and the Lizzies will bound for the goal.

For weeks the drivers of the cars have been getting ready for the event which promises to be one of a thousand thrills and ten thousand laughs as 27 cars put on full speed in a 100-mile race around the oval of Dr. Bennett's stadium.

The winner of the Derby will be given a $150 prize; second, $75; third, $50; and fourth, $25.

Attendance will draw on the entire county and Sonoma county is sending a group of Tin Lizzie enthusiasts to speed on the racers.

New Entries

Among the new entries which are coming in every hour are the following: Car No. 13, entered by the Ukiah Dairy, driven by George Thomas; Cars No. 14 and 15, entered by Forrest Hughes of the Studebaker agency. "Frosty" Hughes will be at the wheel of Car No. 14 and "Speed Ball" Swinton will drive Car No. 15.

Car No. 20, Rood's Market, will be steered by Bob Welsh of Lakeport, and Ukiah Sheet Metal Works has entered Car No. 44. Car No. 12 has been entered by Mel Rowe of Hopland and Frank's cafe is sponsoring a car that has not yet been numbered. The Redwood Auto Supply sponsors Car No. 101. Jimmie Williams of Hopland believes in signs—his entry will carry a question mark (?) instead of a number. Car No. 8, Western Auto Supply, will be driven by Teeter Wilcox. Other entries will be received before the day of the parade.

Behind all the noise and fun of the Great Derby is the purpose of 20-30 club to raise funds with which to secure an oxygen tent for Ukiah and vicinity.

Fire Prevention Survey of Town Being Conducted

Ukiah fire department is conducting a fire prevention survey of business houses and other buildings of the town.

A record of exits and the general building plan is made for each store. The record is filed for reference in case of the outbreak of fire; in that event, the department's efficiency is increased by their knowledge of the building plans.

Suggestions for improvement are made by the department upon discovery of fire hazards.

ANNUAL SPRING PROGRAM, DANCE

On Friday evening, March 31, at 8:00 p. m., the Hopland grammar school will present its annual spring program and dance at the Hopland high school auditorium. As usual, the evening's program and entertainment is a benefit for the grammar school student body.

The play, "Cappy Explains," is truly a comedy which will keep the audience in an uproar from beginning to end. Besides the comic play, special arrangements for the chorus, the band, and tap dances, there will be many musical specialties including solos, trios and quartets, both instrumental and vocal, depicting swing and classical arrangements.

One of the features of the program will be the seventh grade girl, Claire Vella, who astounded the audience with her vocal solos in the last Christmas operetta. She will be heard in both classical and popular numbers. She was well received and greatly praised at her recent appearance before the Ukiah Business and Professional Women's club.

A free supper will be served at midnight for those attending the dance, and dancing will be enjoyed until two o'clock to the music of Mr. Skelly's Hopland high school Swingsters, who have been making quite a hit with their fine rhythm.

Child Welfare County Council Is Considered

With the view of forming a County Coordinating Council, a meeting of the Fort Bragg Coordinating Council will be held in Fort Bragg, Saturday night, April 15. A coordinating council is made up of representatives of all groups and agencies working for child welfare.

Members of the county school department and all others interested in child welfare are invited to attend the meeting.

Judge W. D. L. Held who has long been interested in such an organization, will address the group. Members of the county board of education will hold the regular monthly meeting in Fort Bragg on that date instead of in Ukiah, which is customary, that the members may attend the coordinating council meeting.

LANDSCAPE DESIGN OF LOCAL MAN, IN 'LIFE'

Phillip E. Joseph has a landscape presentation and painting in last week's issue of Life, an honor of which this community is proud, in that it is recognition of outstanding work in his chosen profession.

Last September, Life, in conjunction with The Architectural Forum, presented eight houses designed for modern American living. Eight architects planned homes for four typical U. S. families in various income groups, living in various parts of the county.

Eight top notch landscape architects have drawn plans for landscaping Life's homes. These are shown in the issue of March 20, and that of Phillip Joseph, initialed "P. E. J." is on the lower right hand corner of page 25.

Among architects chosen by Life were Michael Rapanno of New York and architect Frank Lloyd Wright, internationally famous. Thomas D. Church of the Pacific coast was chosen and Church invited Phillip E. Joseph to make the presentation and painting for him.

Joseph is a graduate of the architectural college of U. C. He took a post graduate course at Harvard and followed it by a six months' tour abroad where he took intensive work in the art centers of Europe. He is now instructor in architecture in Stanford university.

LAST RITES FOR COAST PIONEER HELD SATURDAY

FORT BRAGG, March 27.—The chapel room of the Cannarr funeral home was filled to overflowing Saturday afternoon as the many friends of the late Gust Nelson gathered there to pay their last respects to another one of the Mendocino coast's departed pioneer residents.

Born in Erland, Sweden, September 21, 1859, Gust Nelson followed closely the traditional calling of the young manhood of his native land, and set sail before the mast on a full rigged sailing schooner. He was yet in his 'teens; and after several years and many thrilling experiences on a route that took him many times over the Seven Seas, he finally decided to become a "land lubber" and settle down.

He first made his home at Cuffey's Cove where he secured work in the lumber industry that flourished there at that time. After a few years following his marriage, Mr. and Mrs. Nelson took up their home here in Fort Bragg, about the year 1893, and have lived here ever since. Mr. Nelson had identified himself with the business life of the community. He built the Pacific hotel and operated it for a time; later securing valuable business property located on Franklin and Redwood Ave.

He had suffered ill health for about three years; and had been retired from active life for nearly 20 years. His daily enjoyment consisted of gardening at his home and fishing from the town wharf where he could sit and gaze out over the ever restless sea, and become lost in reverie — perhaps living over again those years of his young life which were spent on the white-winged sailing schooners.

He leaves his widow, Mrs. Sophia Nelson of Fort Bragg; one daughter, Mrs. Mamie Raudio of Oakland; one son, Fred Nelson of Fort Bragg; two granddaughters, Mrs. Eleanor Duck of Oakland and Miss Helen Elizabeth Nelson of Fort Bragg; one grandson, Alvin Raudio of Oakland; one great grandson, Lloyd Duck of Oakland; and one sister, Mrs. Hilda West of Berkeley.

Rev. J. Lewis Kent of the Fort Bragg Presbyterian church officiated at the services. The pallbearers were Alfred D. Swanson, Chas. F. Schaeffer, Gus Kling, Emil Larson, August Swanson and P. A. Stenberg. Interment was in Rose Memorial Park.

CRAWFORD BUYS TOWN PROPERTY

One of the largest property turnovers announced in some time is the purchase of the Perelli-Minetti buildings on School street by L. E. Crawford from A. Perelli-Minetti. The stores purchased include those of J. C. Penney Co., Esther's Shoppe, Hansen's Stationery Store and offices of Dr. H. O. Cleland.

The purchase price is said to be $54,000.

Minehan Bound Over on Charges of Rape, Injuries

Dan Minehan of Willits was held to answer to two counts, rape and inflicting bodily injury, at the preliminary hearing held in Fort Bragg Thursday. Mrs. Mildred Collins, Dr. John H. Lloyd and Deputy Sheriff Ward Ries were among the witnesses.

Dr. Lloyd testified that when Mrs. Mildred Collins was received in the Redwood Coast hospital February 26, she was "unconscious, cold blue, her pulse imperceptible, breathing practically nil."

Mrs. Collins was found in a Fort Bragg alley early the morning of February 26, unconscious and suffering from injuries.

Minehan was released on $1000 bail.

Court Gives Warning in Kunzler Suit

Nuisance Must Abate Or Court Will Issue Order

Anderson Valley moved to the county seat the first of the week for the hearing of the suit of J. L. Bivans and wife against R. W. Kunzler and wife to abate nuisance in the conduct of the bar and pool room and restaurant in that valley.

At the close of the testimony, which was heard for wo days in the Superior court, Judge W. D. L. Held indicated that unless conditions are remedied within a period of a fortnight he will be inclined to make an order that the bar room and pool room be closed between the hours of 10 p. m. and 6 a. m.

The Bivans complained that their home, which is near the Kunzler bar, is inhabitable on account of the honking of horns, loud, boisterous and unseemly conduct which continues throughout the night.

Many witnesses were introduced, their testimony ranging from statements that the Kunzler bar was quiet and peaceful to the extremes of noise and disorder.

Among the Anderson Valley residents at the trial were: Mr. and Mrs. Ernest Ridley, Mr. and Mrs. W. F. Clow, Lester Day, Max and Newell Rawles, S. E. Fitch, V. R. Rawles, Mr. and Mrs. S. M. Dutro, Lula Nissen, Mrs. Agnes Ketcham, Clair Dightman, William Otis, Mr. and Mrs. A. W. Gossman, Emmett Smoot and wife, Mr. and Mrs. R. A. Tolman, Clair Field, Mrs. Roy E. Vallier, J. V. Bivans, B. HIGHER COURT MAY REVERSE ITS DECISION

A reconsideration of their decision in the case of C. C. Montgomery has been ordered by the Appelate court. The matter will be submitted on the briefs on file.

The Appellate court recently handed down a decision granting a new trial to Montgomery on the grounds that the jury was not properly informed that the offense occurred in Mendocino county. Confident that the location of the offense had been placed by direct evidence, Attorney James E. Busch asked for a reconsideration of the decision, a request very seldom granted by the Appellate court.

Montgomery was found guilty of stealing a steer from the Caspar Lumber company. A petition signed by some 200 residents of the coast section requested leniency in the case.

They Pay and Pay

Almost audible sighs of relief came from all parts of the state when Governor Olson announced his objection to an increased gasoline tax.

Little wonder! California is the most thoroughly "motorized" state in the union. One person in less than three holds a license to drive a car, and the threat of a lift in motor fuel costs sounds the alarm bell for most California families.

But Governor Olson only momentarily silenced the warning bell. Demands for a bigger gas tax are being heard in the Legislature once more, and motorists are wondering, quite naturally, if another mark-up may not prove more than the traffic can bear.

If motorists were not paying their reasonable share, they would have little cause for complaint, but highway users are paying their full share, and have been for years. The motorist, in fact, has proved such a windfall to state treasuries that his tax dollars now account for one-third of all California's tax receipts!

It is worth noting that in 1923 the average price of gasoline per gallon was 21 cents, excluding taxes. Today improved methods of drilling and refining have reduced that average price to 14½ cents, but mounting taxes have virtually wiped out any savings to the consumer.

Since the motorist's yearly gasoline tax bill has leaped from $4.37 in 1923 to $35.37 at the present time, it is with good reason he feels the traffic is now carrying all that it can bear.

Sacramento legislators might find it wise to look carefully before they leap—with a higher tax—on motorists' backs.

The Easter Parade

The Easter parade is getting under way!

Bright Spring apparel is making its appearance, and soon gay Easter bonnets will be vieing with the color that today covers California orchards in canopies of pink and white and decks gardens and hillsides in the garb of Spring.

And speaking of Easter bonnets, it's a new season and a good time for all shoppers to put into effect a new resolution, or to take a new lease on an old resolution if they have let it lapse. And that resolution should be to try Easter shopping at home!

Everyone wants his and her dollar to return its full value. There can be no objection to that. But there are people, prejudiced in favor of the "green pastures" in the next field, who have never thoroughly investigated the bargains available in their own community. They may be surprised to find out that in variety and values the stores of their community are well able to meet competition elsewhere.

Moreover, buying at home is a time-tested way of promoting a sound, energetic community. Such a community is to the advantage of every inhabitant. Every dollar spent needlessly elsewhere is, in effect, a boycott against the shopper's own community, and a hurtful blow to its welfare and well-being.

In joining the Easter shopping parade by shopping at home, you build for prosperity at home!

The school is cooperating nicely in this work by allowing the girls to sell home-maid cookies each Monday at the noon hour which activity will continue until the end of the school year.

Stork Works Overtime In Round Valley Area

COVELO, Mar. 30 — The Round Valley Future Farmers will be represented at the Junior Live Stock Show on Treasure Island, April 2 to 8, by Gerald McClure with an entry of three Chester White fat barrows. Gerald, accompanied by agricultural teacher H. T. Pence, will take the hogs to the San Francisco Fair on Friday, March 31, to meet requirements of entry prior to opening date of the show. After the close of the exhibit the hogs will be sold at auction to the highest bidder. Gerald has used Chester White hogs as his stock project during his high school course and has taken many prizes at various county and district fairs.

Mrs. Grace Foster went to San Francisco last Tuesday to spend a month with her son and daughter-in-law, Mr. and Mrs. Hal Burgess, of that place. The trip was made at this time that she might be with her daughter-in-law in anticipation of a Blessed Event in the Burgess family in the near future. Covelo friends are offering congratulations in advance.

The stork has been a busy bird in these parts of late, having made three visits to Covelo within the past week. Dr. J. Edward Mooy has likewise been a busy medic, caring for the little strangers left in our midst.

The Harold T. Pences are happy to announce, "It Is a Girl." Cara Louise arrived at the Pence home Tuesday, March 21, hale and hearty and weighing eight pounds one ounce. She is the first girl of the family and as she grows up will have four husky brothers to adore her. Mr. and Mrs. Pence's announcement cards were original and clever in the extreme. Congratulations, friends.

Sunday morning, between midnight and dawn, the stork left two more babies, Dr. Mooy serving on the reception committee. Mr. and Mrs. Floyd Cates were presented with a girl, weighing seven pounds one ounce. The Cates home is in Laytonville but Mrs. Cates and infant daughter are in Covelo at the home of her parents, Mr. and Mrs. Charles Johnson, for this happy event.

To Mr. and Mrs. Terrell Woods of Dos Rios Sunday morning was born a fine seven pound four ounce boy, at the John Lambert home in Covelo. All mothers and babes are doing well.

Conference

Leo L. Sanders, principal of the local grammar school, will leave Sunday, April 2, for Oakland where he will attend a four day conference of elementary school principals. Mr. Sanders goes as president of the North Coast Section of the State Association.

Although this will be the eleventh annual council meeting of the California Elementary School Principals' Association, it is the first state wide conference comparable to those which are being held by other professional groups.

It has long been the desire of the Department of Education of California to bring the 2500 elementary principals and district superintendents in California together for a few days devoted to discussion and study of professional problems of vital concern to elementary education.

Some of the speakers of the convention will be Dr. Paul Hanna of Stanford, Robert H. Lane of Los Angeles City Schools, and Dr. William Burton of U. C. L. A.

Mrs. Linden Short and daughter, Vivian, spent the past week end at their home here after making a business trip to the county seat from the district where Mrs. Short is teaching.

Mrs. B. L. Hurt returned home Friday from a several days visit with her parents, Mr. and Mrs. Will Ornbaun, in Ukiah.

Brooder Fire

Another brooder house has gone up in smoke, this time it was the property of Luther Morrison which mysteriously caught fire Wednesday evening about 7 o'clock. The Morrisons were not at home and the fire was not discovered until it had a running start. Martin Brown was able to let the hens out of the henhouse adjoining and most of them were saved but both hen and brooder house and about 60 little chicks were a total loss.

Mrs. J. L. Dunlap and son, Harold, drove to Ukiah early Friday morning for a day's shopping and visiting. Mrs. Dunlap, among other friends, visited with Mrs. Frances Henley who is in Ukiah. Mrs. Henley hopes to come up to the old home town soon for an extended stay, which event is eagerly anticipated by her many Covelo friends.

Mrs. J. S. Rohrbough came home Tuesday from Willits where she has been a patient for a few days at the Howard Memorial hospital. She is much improved in health.

Mrs. Ray Bauer and two sons, Elmer and Zola, have transacted business in Ukiah lately.

Mrs. G. R. Redwine, who has been ailing for the past two weeks, is improving slowly and is now able to be up and about the house.

Henry Garrans returned Friday from a visit to Santa Clara county to visit his aged father, who is 87, and other relatives. He was accompanied home by his son, Farley, and his sister, Miss Laura Garrans and a friend of the latter, Miss Jaunita Laughlin, all of San Jose. The visitors remained over the week end before returning home.

A. N. Moore has received word daily of the continual improvement of Mrs. Moore who recently submitted to a major operation at Stanford Lane hospital. The latest good news is that it is expected that the patient will be released from the hospital on March 31.

With the coming of spring the baseball diamond on the high school campus is a busy place. In a game Sunday between the Town team and the Reservation boys the score was 15 to 12 in favor of the Covelites. A return clash will be played next Sunday afternoon.

March 30 is the date the town Grammar school and the Reservation school teams will put on their game.

School Association Out Of Debt

The Grammar School Bird Association is proud of the fact that they are now out of debt and have a neat surplus. Their bird pens are all paid for. The recent movie and program netted them over $24.00. The children have been learning industrious business habits as well as the bird business, in that they have busily contrived ways of earning, one of which has been the making and selling of candy.

Mrs. E. A. Gravier received a message Tuesday morning announcing the death at 2:00 a.m. Tuesday of her brother-in-law, G. Fischer, 51, of San Francisco, of a heart attack. He leaves his widow, a son, Robert, and a stepdaughter, Louise Motender. The Fischer family have visited at the Gravier home, and have made many friends here who deeply sympathize with the bereaved family. Mrs. Gravier left Tuesday afternoon to attend the last rites.

Mr. and Mrs. T. B. Hill, and son and daughter, Miss Zella and Tommy, left Sunday to motor to Burbank to visit Mrs. Hill's parents, Mr. and Mrs. Charles Norton. On the way the Hills will visit the Golden Gate Exposition.

Mrs. Charles English is in charge of the hotel and newstand during the family's absence.

Mrs. E. V. A. Murphey is expected home Friday from Potter Valley where she has spent several months.

Claude Morrison and little Miss Wanda Brown drove to Willits Saturday. Returning Sunday they were accompanied by Mrs. Morrison and small son, Billie, who have been in Willits for some weeks and where Mrs. Morrison has been caring for the Ray Harpe family while Mrs. Harpe (Mrs. Morrison's sister) was in the hospital. Mrs. Harpe and their infant son, born March 14 (weighing 10 pounds at birth) are now at home. The Harpe family are former Covelo residents, and Covelo friends offer congratulations. Mr. and Mrs. Will Goforth are maternal grandparents of the new arrival.

Miss Elizabeth English is here for a visit with the families of her four brothers, Dan, Wylie, Lew and Vinson English.

Mr. and Mrs. W. S. Osborne have donated a considerable length of water pipe to add to the lines of pipe already installed at the cemetery. This line reaches to the family plot of Mrs. Osborne's relatives—the Cliftons—and she has given permission for anyone who so wishes to bring pipe and connect from this to other lots. Anyone so doing would, of course, need to furnish connections and valves.

Mr. and Mrs. Monday Honored

Mr. and Mrs. T. B. Hill were hosts at a dinner party at Hotel Covelo last Tuesday evening complimentary to Mr. and Mrs. J. L. Monday. Beside the guests of honor others around the festive board were members of the Hill family including the host and hostess, Mr. and Mrs. T. B. Hill, Mr. and Mrs. Mervin Hill, Mr. and Mrs. Charles English, Miss Zella Hill, Tommy Hill, Grant Winters and A. W. Branhall, the forest ranger who succeeds J. L. Monday.

Following the dinner party a crowd of over 40 friends gathered in the hotel lobby for a farewell party honoring Mr. and Mrs. Monday. A purse had been made up to purchase a farewell remembrance for this popular couple, but at the last moment it was decided to let them make their own selection of a gift, and they were handed a dainty Easter basket filled with "grass" topped by a wise little chick who hinted that somewhere in the internals of the nest was hidden a surprise, and thus the cash gift was revealed.

A jolly social time was enjoyed, cake and coffee served and good byes were said with many hopes that this parting will be only temporary.

On Thursday, March 23, R. M. Anderson celebrated his 75th anniversary, but says he is just as young as he used to be." Mrs. Anderson invited T. J. Lowry and Clifford Johnston to share a "little-bit-special" dinner with them and help R. M. demolish his birthday cake and his favorite dish—a peach cobbler.

Through various unpredictable circumstances all but two of the Covelo delegates to the county convention of Federated Women's Clubs held at Willits Saturday were prevented from attending. The fortunate ladies were Mrs. G. F. Johnson and Mrs. J. L. Dunlap. They bring enthusiastic reports of an exceptionally interesting and inspirational meeting and, best of all, the news that the County Federation has accepted the Covelo club's invitation to hold the fall convention here. The C. W. I. C. as a whole will be glad to welcome their sister clubs on that occasion.

Farm Center

The Hopland Farm Center met Thursday evening in their regular monthly meeting at the high school auditorium. Assistant Farm Advisor R. D. Old Warrants on Exhibit in Office Of Co. Treasurer

Rescued from the old papers stored in the cupola recently dislodged from the Court House were two county warrants dated 1880 and 1881. They are on exhibit in the office of County Treasurer D. C. Smith.

The county was out of funds in those days more than 50 years ago, for interest was paid on the warrants.

W. L. Bransford was county auditor, signing the warrants. One was made out to P. Cunningham, $4.25, and the second to F. M. Van Dyke, an uncle of Justice of the Peace Will Van Dyke, for $233. Interest of $2.45 was paid on the latter warrant, drawn on Round Valley road district, now District No. 3.

The warrants are torn and yellow with the ravages of time.

Work on Ukiah's extensive street paving system started in earnest this week, and Clark and Henery, the contractors, hope to have it completed by June 1 at the very latest. The original program as first outlined last year called for about three miles of paving, but this has been cut down to about one mile. The extra work has not been abandoned, but will be deferred until usiness conditions get etter, for it would be too much of a hardship to force this program through just now.

THIRTY YEARS AGO
April 2, 1909

The entire community was greatly shocked and grieved by the news of the sudden death of W. W. Van Arsdale on Monday morning last at Ridgewood, his country home near Ukiah. The cause of his death was heart failure. As soon as the news reached San Francisco, George W. Scott, his partner, chartered a special train, and in company with Dr. James Ward and a few intimate friends, hurried to Ridgewood, arriving there on Monday evening. Early Tuesday morning the train returned to the city, taking the body of the deceased. Funeral services were held at the family residence in San Francisco Wednesday afternoon and were conducted by the Rev. Bishop Moreland of the Episcopal church.

On last Sunday W. L. Reilly and Miss Annie Jane, both of Christine, were married in this city by Rev. Otha Wilkinson. Miss Fanny Hoag and Walter Day accompanied the happy couple and were witnesses to the ceremony.

The members of the Cultus club of this city added lustre to their fame as hostesses on last Friday evening by tendering to the male representatives of their families and others a reception in the Odd Fellows hall. The principal amusement offered was the game of "Millett," a progressive game that has created great interest in the social circles of the eastern cities during the present season. To close the pleasure of the evening, a banquet was served. The menu cards were in French, and were hand-painted and decidedly original.

FORTY YEARS AGO
March 31, 1899

The balloon ascension to be made by Professor Robert Earlston at Boonville was decidedly a success. The people began to congregate about 11 o'clock ,and at one o'clock a stranger would naturally think that the whole community had turned out. By four o'clock the balloon was ready to start, and everybody let go ,and away she went. The sight was beautiful to behold! When the aeronaut ascended to a height of about 2000 feet he thought it time to return to mother earth. He alighted safe and sound a few seconds after his departure. The balloon was found six miles east, on Mr. Singley's front porch. The people were thoroughly satisfied with the events of the evening, so they all assembled at the Forester's hall and had a real sociable little dance. Everybody had a good time and went home happy as larks.

The Boonville baseball team will cross bats with the Albions next Sunday. The teams are no doubt evenly matched, so our "squirrel bacon" lads expect a hard game. Look out, boys, when you elevate the sphere, for our "jackknife" right fielder won't do a thing to you!

Eel river has been higher than it has been for several years. Several of our citizens who were returning to Round Valley were waterbound and had to lay over for several days. We need a bridge badly across the middle fork of the Eel river. The rickety ferry boat is danger us to cross, even in low water time. We need men put in charge of our roads who will attend to them during stormy weather and keep the water turned off.

I is reported that Mrs. James Stanford has sold her 33,300 shares of Central Pacific railroad stock for $52 a share, aggregating $1,731,600.

The steamer Point Arena, which arrived at San Francisco last week from Mendocino City, brought news of a ghastly find near that place. While a number of loggers were engaged in swamping a road through the woods, one of the number discovered a skeleton about 50 feet from the main road. It was suspended from a branch. Above the whitened bones was a noose, made of what appeared to be a ship's log line. A soft black hat and a pair of heavy shoes were lying close by the remains. On the ground near the skeleton lay $1.90, two spools of common black thread, and a notebook, the contents of which had been obliterated by the elements.

Governor Gage has again shown himself up in his true light, by his inconsiderate treatment of the poor laboring men. Gov. Gage was domiciled at the Palace Hotel in San Francisco, and a committee of gentlemanly wage earners called to see him in the interests of a bill, calculated to better their condition. Gov. Gage waxed warm was highly insulted to think that they would dare approach him, and refused them a hearing. He even went so far as to go downstairs and censure the hotel man for allowing such "common people" to come to his room.

In the case of Potter versus Fowzer, on appeal from Mendocino county, the Supreme court finds that the supervisors had no right to transfer $1552 from the surplus in the general road fund to the Round Valley road district fund, to pay a portion of $2046 due Potter's overseer of that district for labor done and money expended for the benefit of the district.

No wthat the railroad is here, it is time that our fruit growers were getting information about the market for fruit in San Francisco. From present indication, this year's crop of apples will be large. George H. Singley of the Soda Sprin granch west of Ukiah valley has the honor of making the first shipment by railroad from Ukiah. Fiften boxes were sold at $1.40 per box.

Alfred Ford and Stewart Hargis have gone to Oregon to spy out the land, and when they get through they will return home, satisfied to live the remainder of their days in old Mendocino.

John R. Hudson, M. D., a graduate of the Tennessee Medical university, has located in our midst, and opened an office formerly occupied by J. Q. White, Esq. He is a young man and comes well recommended, and should receive encouragement from our people.

Mrs. Nellie Thurston, formerly of Westport and Ukiah, would like to have her many friends call at the Thurston House, of which she is proprietress, at 501 Post street, San Francisco. She has rooms to let, in suite or single, with or without board, and we haven't a doubt but what they will when in the city.

F. L. Wilson has started a fruit and vegetable stand in the old Express office building, at the corner of Standley and School streets, where he promises to have everything the country at home and abroad affords. When the railroad is again in running order, the earliest vegetables and fruits will be brought from below daily.

J. A. Little was brought over from Westport on the 26th inst. by Constable Blair, charged with being insane, and an examining board composed of Drs. King and Barnes, so pronounced him. Little has been a physician, age 32 years, and a widower. The use of stimulants, morphia and chloral hydrates have brought him to his present condition.

Safety Program Presented by School Parents

LAYTONVILLE, Mar. 27 — Frank O. Brigham California State driver license examiner, was speaker at the regular meeting of Laytonville P. T. A., dedicated to Safety, at the school last week.

The meeting was opened with a very clever program by grammar school children under the direction of Dennis Willis. The three short numbers were very well enacted and demonstrated very clearly the necessity of children's using safety while playing.

Mr. Brigham in his splendid speech compared operating a car to playing a game. He declared that sportsmanship was the first consideration in safe driving, and that education in sportsmanship on the highway would make driving safer. He also explained the responsibilities of parents whose minor children drive, and the rules governing bicycle riding on public thoroughfares.

A business meeting followed the safety program, presided over by Mrs. J. H. Neblett, unit president. During this session, Mr. Willis, public welfare chairman, offered the suggestion that a safety chairman be appointed, and that the unit attempt starting a reading room for the children. Mrs. Neblett appointed Mrs. H. S. Clendenin and Mrs. A. Harwood as the safety committee. It was also decided to follow up an attempt to obtain directed summer recreation here for the children.

A nominating committee was elected to nominate officers for the coming year. The committee elected was composed of Margaret Talkington, Mrs. Clendenin, and Mrs. Harwood.

An Easter party will be given on Easter Sunday at 2 p.m. at Paradise Lodge. In case of inclement weather it will be held at the school.

Mrs. Guy Field announced that Sunday School on Easter will be at 10 a.m. followed by church at 11 a.m.

The election meeting of the unit will be April 18.

Stocking Feet Are Handicap

The owner of a bicycle chased the thief who stole his two-wheel horse several blocks in his stocking feet but was unable to overtake the man, though the thief did not ride the bicycle.

The owner parked his truck in front of the Clay Tucker home on West Perkins and leaned his bicycle against the truck. The man removed his shoes preparatory to taking a short snooze in the truck. Just as he was dropping off to sleep he saw a passer-by lift the bicycle and depart with it. Giving chase in his stocking feet, he failed to overtake him.

The speaker will be remembered for her appearance at the Saturday Afternoon club of this city last season. Mrs. Potts is a sister of Mrs. James E. Scott of Ukiah.

Two hours were devoted to learning facts about laying birds and methods of culling them. To the surprise of the boys and the instructor, only one bird in a flock of 37 was found not to be laying.

Paul has the finest laying flock of poultry in the valley. They are Dryden Class A selected breeding, according to the chapter reporter, Martin Gleason, Jr.

Hopland and Potter Folds Are Invaded

Joe Raymond, trapper, and J. Homer Cake, poundmaster, have been using seven league boots between Potter and Hopland for some time past in their fight with predatory animals that are attacking spring lambs and old sheep.

In these two districts, predatory animals of every kind have been active: eagles, bobcats, coyotes, wild and tame dogs have been striking the folds and the pocketbooks of the sheep men.

The loss in Potter Valley has totaled 70 head of lambs and sheep and Hopland has a score of 30. It is believed the situation may be under control as a night or two passed without loss.

Bob cats, coyotes and dogs have been run down and shot, yet the trouble goes on.

Potter Valley ranchers have cooperated to the extent of keeping every dog in the valley tied up at night so as to narrow down the range of maurauders to be hunted. Watch is kept all hours of the night yet lambs are found dead on the range when daylight comes.

Daffodil Tea Featured by Kosmos Club

A daffodil tea and plant exchange was the delightful theme of Kosmos club's program Thursday afternoon in the municipal clubhouse rooms.

The hostesses, Mrs. Della Heryford and Mrs. Myrtle Finne, arranged all decorations and program numbers to correspond with the spring theme of daffodils. The members showed unusual interest in the plant exchange, which was a 100 percent success.

Small bouquets of narcissus centered the tea tables, which were decorated in pastel shades with hand painted place cards featuring tiny sprays of daffodils. Large baskets of daffodils were used throughout the room; outstanding among varieties used were the King Alfred, Emperor and Empress types.

A flower game was played by members, in which Mrs. Ellen Copsey won the prize of a daffodil-filled vase.

County Clubwomen Will Designate Reception Day For Federation President

In order that a closer contact may be established between the president of the Mendocino County Federation of Women's clubs and the various unit clubs, a special day will be designated in club year books for the purpose of receiving and entertaining the president.

The action was endorsed by the club women of Mendocino county in their 25th semi-annual convention in Willits Saturday. Mrs. Leroy Woodhead of Albion, outgoing president, offered the recommendation in her farewell talk.

Reports of county presidents illustrated the value of philanthropical work included in programs in all sections of the county. The clubs comprising the federation include Anderson Valley Unity, Covelo Women's Improvement, Greenwood Civic, Kosmos and Saturday Afternoon clubs of Ukiah, Mendocino Study, Point Arena Civic, Sorosis club of Fort Bragg, Willits Improvement club.

The morning address of the convention was given by Mrs. D. M. Burke, state chairman of narcotics, who spoke on the subject of marijuana. Mrs. Burke, an able and sincere speaker, described the culture of marijuana, the commercial use of its stalk and fibres, use of its flower as drug, method of peddling, and many other phases leading to the certain insanity which follows its use. The speaker concluded her message with a plea that club women familiarize themselves with conditions as they now exist in California, and that the convention endorse a resolution that Spadra be maintained as the state narcotic rehabilitation institution; the resolution was adopted. Copies of it will be forwarded to the following state officials: Governor Culbert L. Olson; chief Paul Madden of the state enforcement division; Dr. Aaron Rosanoff, state director of institutions; H. Auslinger of the narcotics division at Washington, D. C.; Senator George Biggar and Assemblyman Michael Burns. Mrs. Burke was presented with a beautiful redwood vase by the club women.

Mrs. Dorsey McBride, state chairman of Bible literature, was afternoon speaker. Her talk was an inspirational message, stressing the spiritual approach to the Bible rather than the intellectual or emotional. She gave the origin and history of the Hebrew race, with a short biographical sketch of the life of Moses. The speaker was given a picture of the redwoods in appreciation of her talk.

County Talk

During the business meeting, a proposal that the clubs donate five dollars each toward sending one or more children to the Mendocino Woodlands camp for a fortnight's vacation was discussed; the matter was tabled due to lack of information on the camp, and the desire of some members that the Federation adopt a more comprehensive county project. The clubs were instructed to formulate definite plans for a county project to be presented at the next convention. Adoption of a worthy and beneficial project is expected at that time.

The Covelo Women's Improvement club will be hosts to other county clubs in the October convention, when Mrs. E. M. Fish of Willits, newly-elected president, and her staff conduct the sessions.

CHRISTIAN SCIENCE CHURCH

"Remove far from me vanity and lies: give me neither poverty nor riches; feed me with food convenient for me." These words from Proverbs comprise the Golden Text to be used Sunday.

The subject of the lesson-sermon will be "Unreality." Included among the Scriptural selections will be: "Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world. . . . We are of God: he that knoweth God heareth us; he that is not of God heareth not us. Hereby know we the spirit of truth, and the spirit of error." (I John 4:1, 6).

The following passage from the Christian Science textbook will also be included: "Because Truth is infinite, error should be known as nothing. Because Truth is omnipotent in goodness, error, Truth's opposite, has no might. Evil is but the counterpoise of nothingness. The greatest wrong is but a supposititious opposite of the highest right. The confidence inspired by Science lies in the fact that Truth is real and error is unreal. Error is a coward before Truth. Divine Science insists that time will prove all this. Both truth and error have come nearer than ever before to the apprehension of mortals, and truth will become still clearer as error is self-destroyed." (p. 367).

Talmage Sluggers Out for Better Record Than 1938

Practice sessions for the Talmage Sluggers amid such balmy spring weather the past week have been having fair results with a few newcomers showing signs of promise. It can be said, without fear of gross exaggeration, this year's edition of the Talmage Sluggers will turn in a more impressive record than last season's.

It will be about a week before there can be a definite line-up made out. However, Chamberlain and Vaughn are showing great fielding ability and stellar hitting form in practice.

● Mr. and Mrs. Clement Vanoni of Geyserville were in Ukiah on business Friday.

● CLASS EVENTS — The junior class of Ukiah high school took all honors in the interclass track meet held on the local field during the week. In the A class they scored 99½ points, and in Class C events a total of 58. The seniors took 28½ points in the A events, while the sophomores and freshmen scored nothing.

ARMY DIVISION ON THE MARCH TO CAMP HERE

The Twelfth District Fair Grounds north of Ukiah will be turned into a military encampment June 5 when between 1000 and 1,100 men and officers of the 30th U. S. Infantry will camp there en route to the San Francisco Presidio from their Spring maneuvers at Camp Lewis, Washington.

Arrangements to use the fair grounds for the overnight camp were made the end of last week with fair officials by Capt. W. W. Dewitt of the 30th, who is completing a round trip between San Francisco and Camp Lewis, arranging for campsites.

The regiment will leave the Presidio early in April and will travel north over the Pacific highway. After a month's maneuvers in the northern camp, the men will return via the Redwood highway.

They will travel in trucks as far as Laytonville, and will march the balance of the trip. Camps are to be established at Willits, Ukiah, Hopland, Lytton, Santa Rosa and Petaluma to accommodate men on the march. These camps are between 16 and 25 miles apart, the drill requirement being for a 20-mile march each day, according to Capt. De Witt.

4-H Clubs and Future Farmers Trek to Fair

Future Farmers and 4-H clubs of Mendocino county will have most creditable entries in the Twelfth Annual Interstate Junior Livestock Show on Treasure Island, April 2 to 8 inclusive. The show this year takes on the form of a nationwide competition between the pick of the Future Farmers of America and the 4-H boys and girls clubs.

Willits and Round Valley Future Farmers and Anderson Valley 4-H boys club are sending their entries to the show and high hopes are held for rewards.

Round Valley

Gerald McClure of the Round Valley Future Farmers is entering three Chester White fat barrows. Accompanied by the agricultural teacher, H. T. Pence, McClure will take the hogs to Treasure Island Friday. Gerald has used Chester White hogs as his stock project during his high school course and has taken many prizes at various country and district fairs.

Willits

Eight entries will be made by Willits Future Farmers, three beef calves, three fat barrows and two lambs. Glen Yokum will enter two calves, Paul Bray one calf, David Jensen three barrows, and Charles Anderson two lambs. The Willits entries went down Thursday afternoon.

4-H Club

This is the first year that 4-H club members of this county will participate in the stock show. Among the entries will be a Chester White barrow by Irvin Vassar; a Berkshire barrow, Harry Peters; three Poland China barrows, Jack Bills. These boys are all in the Hopland 4-H club.

John March of Potter Valley enters a cross breed Suffolk wethered lamb and John Patterson of Boonville six Chester White barrows.

According to E. W. Stephens, manager of the show, a staff of workmen has completed preparations for the housing and handling of 5000 head of baby beef, lambs and hogs entered in competition for the biggest premiums ever offered at a junior show anywhere--$20,000.00.

The formal opening of the show will be held at ten o'clock Monday morning, April 3, when representatives of the governor, the mayor of San Francisco, and the president of the Exposition greet the visiting 4-H and Future Farmer exhibitors.

The biggest day of the show will be "Youth Day," Wednesday, April 5th. The climax of this program will be the selection of the grand champions of the show.

The auction of the baby beef will be on Thursday, April 6, and the sale of the lambs and hogs on Saturday, April 8th.

Some 1500 boys from eight states will make a concerted move on America's latest territorial acquisition Easter vacation week when members of the 4-H clubs and Future Farmers of America descend on Treasure Island in San Francisco bay for the 12th annual Interstate Junior Livestock Show.

The march on Treasure Island, recent man-made land, will be in the form of an actual occupation, inasmuch as the management of the Golden Gate International Exposition will provide living quarters for the young exhibitors under one roof on the exposition grounds.

More than 300 communities in the eight states participating in the show will be represented among the 1700 exhibitors, according to E. W. Stephens, manager of the show.

Green Manure Crops Must Be Examined To Secure Payment

Green manure crops to be turned under for participation in the 1939 Agricultural Conservation program for payment must be examined before they are turned under to insure that they meet minimum requirements, said George R. Winkler, secretary of the Mendocino county Agricultural Conservation association.

This is one of a number of soil-building practices which will qualify farmers to receive a soil-building payment under the 1939 program. The green manure crops must have a good stand and meet certain minimum requirements as to the amount of green material, to qualify for payment.

Winkler pointed out that green manure crops must be examined before they are turned under to be eligible for payment. In order that the field work may be performed in an economical and efficient manner, it will be appreciated if farmers will file their requests for inspection promptly. No green manure crop which has been pastured will be eligible for payment.

Grape Prorate Exemption Bill Given 'Do Pass'

Senate Bill No. 496 which exempts Mendocino and 12 other counties from the grape prorate was passed by the agricultural committee out to the floor of the Senate Wednesday with a recommended "do pass."

Mendo Grape Growers Are Paid in Full

The Italian Swiss Colony and the Roma Wine Co. have paid Mendocino grape growers in full for grapes delivered to the wineries.

The Italian Swiss Colony paid out to the growers $74,000 based on the sugar content under the prorate law. There was a premium of 50 cents paid for sugar content above 20 percent, some of the growers receiving as much as $17.00 per ton.

Wild Dog Kills Lambs

POTTER VALLEY, Mar. 30 — A large yellow hound is raising havoc with the lambs on the ranges of the valley. About one hundred sheep have been killed so far by the dog which has gone wild and preying on the flocks of sheep on both sides of the valley. Glen Vaughn got four shots at the animal last Friday, knocking him down but not injuring him to any extent. At first there was quite a difference of opinion as to whether it was a coyote, panther or dog. Sheep raisers feel sure the dog will be captured soon now as Joe Raymond is on his trail and everyone is on the look out for him.
